Clarifications to pre-bid queries (Clarifications -2)
Wednesday, 18 September 2019

Sr. No.	Reference Clause	Page No.	Existing Clause of Bid Document	Query	Response
1	RFB ITB 6.1 (c) Amendment-3	46	<p>Bidder can propose to use Subcontractors for the provision of following types/categories of services:</p> <ul style="list-style-type: none"> • Post go-live operation & maintenance for hardware and standard software (except maintenance of IFMIS Application) • Training • Hardware procurement, delivery, installation& commissioning • Data Migration • Implementation of RMS application <p>For each of above services, written agreements by the proposed sub-contractors to provide these services in case of contract(s) resulting from this bidding shall be submitted as attachments in the Technical Submission separately.</p> <p>Total sub-contract value should not exceed 25% of total contract value.....</p>	In case hardware is procured through local partner proposed as a sub-contractor, it is SI/Lead Bidder call to include “Hardware procurement, delivery, installation & commissioning” either in 75% cost of the Total Contract Value (SI/Lead bidder Scope of Work), Or in the subcontractors Scope of Work (under the 25% cost of the Total Contract Value.).	Hardware, software and services supplied only under the subcontracting arrangement will attract the threshold value.
2	ITB 6.1 (a)	42	<p>B. ERP OEM should have at least average annual turnover for last three audited financial years of US\$ 200 Million. Average Annual Turnover of registered firm of OEM will be considered. Turnover of Parent or Subsidiary firms will not be considered.</p> <p>Document required - Certificate for Average Annual Turnover (from Statutory Auditor)</p>	Can we kindly request you to issue a corrigendum / clarification for the RFP which would allow us to submit our certified audited results for the past 3 years instead of the template that you have issued in the RFP.	As per bid document, no template is provided for furnishing details of average annual turnover. The details can be provided in any format (such as Annual Report) signed /certified by Statutory Auditor.
3	6.5.15 Hardware Security Module (HSM)	263	Specifications	Kindly also confirm the Scope of HSM to be supplied as a part of the contract whether its mandatory to include the integration with application, If yes kindly inform us with which application does HSM needs to be integrated.	Refer to specifications of HSM provided at table 6.5.15. Point 13 refers scope of HSM for integration with application software. Application software refers to both IFMIS and RMS.
